

EWHS Robotics Club Visits Holy Rosary School

Students from the Edmonds-Woodway High School Robotics Club, named 'Team 4700 MASH', came to visit and demonstrate one of their creations yesterday to all the classes at Holy Rosary (Thursday, 5/20). Holy Rosary School recently raised the money to start its own LEGO Robotics course — one of the area's first elementary schools to do so. The presentation was a huge hit!

Pictured here are (Left to Right) Jinae Powell (EWHS Student), Sue Venable (Holy Rosary School Principal), Logan North (EWHS Student) and Andrew Martinez (EWHS Student). The website for the EWHS Robotics Team is <http://ewhsrobotics.org/>.
