

MARSHMALLOW CHALLENGE

CSW - Student Appreciation Day 2015

Kindergarten through 8th grade Holy Rosary Students celebrated CSW Student Appreciation Day by participating in a school wide Marshmallow Challenge. Working in teams of 3-5 students, each team had 18 minutes to construct the tallest freestanding architectural masterpiece they could imagine using spaghetti noodles, string and masking tape that would support a single marshmallow. They learned valuable engineering lessons in collaboration, innovation, hidden assumptions and creativity.

Winning Team – Holly Sudol, Emma Jacobson, and Andrew Walde

Structure Height – 56"
