Dear Families,

The Advent season is a wonderful time of preparation and hope for Christmas. An example of this at school is our Advent prayer service attended by all students and staff each Monday, Wednesday and Friday at 8:30-8:45. We pray and sing praises to God together as a way to start our day. Please join us as we gather for prayer around the Advent wreath in the gym.

During this month I have seen so many wonderful examples of giving. I see parents giving of their time to make costumes, stage sets and props for our Christmas Concert. The concert is coming up on Thursday, December 15<sup>th</sup> with shows at 1:00 and 7:00 PM in our school gym. It is going to be a fabulous show from what I have already seen. Please invite all your relatives and friends: they will be delighted with the students' performance! We could use some help with covering the backdrop for the stage. Please let me know if you would be able to help.

I have also witnessed all grades bringing in great quantities of food for the St. Vincent de Paul food bank. Our tremendous eighth-graders collected all the food and carried it over to the St. Vincent room in the Pastoral Center so that the St. Vincent de Paul volunteers could distribute this food to those in need for Thanksgiving. This great service project for our eighth graders continues through December.

It is heartwarming to be a part of such a generous and caring community. Our students are witnessing, participating, and learning about the gift of giving from all of you. Thank you for your generosity in providing for our school and community needs.

I am looking forward to seeing everyone at the St. Nick Family Fun Night this Friday, December 2<sup>nd</sup>. I appreciate all the Parent Association's work in making this a great event for all. Santa will be available for photos, along with pizza, movie, treats and activities. Please come join the fun!

As most of you know our school received a \$50,000 grant from the Garneau-Nicon Foundation in September. In addition to the 30 laptops our school has received, science books and Foss Science Kits for grades K-5 were purchased. Our teachers will receive professional development training for the Foss Science Program on Monday, December 5<sup>th</sup>. We are so pleased to have access to these new resources that greatly benefit our students due to this generous grant.

Thank you again to all who help at Holy Rosary School throughout the year. During the holiday season we celebrate family, and our school family would not be as joyful and blessed without your support.

Blessings,

Sue Venable
