

Weekly Newsletter November 13, 2017

This week in our Religion lessons - our focus was "God made us colors" to enjoy in our world. With the weather being so crazy - wind, rain, sunshine we were able to see a beautiful rainbow right outside our classroom's window on one of the days. The children were so excited because we had just finished coloring a rainbow for our lesson.

Father Vincent came to visit our classroom on Monday. It's always a pleasure to have him because of the wonderful stories he shares with us. I think he is surprised when he asks questions and the student's know the answers.

Religion - "God Made Us Colors" Chapter 14. We discussed all the colors around us to enjoy - food, clothes, toys, learning tools, nature and animals. What would our world look like if everything was gray.....boring and a feeling of unhappiness!

Literacy/Reading - Our HWT letters were J,D,P - the children learned the phonetic sounds and words that begin with those letters. We have been practicing on writing their names correctly using both upper and lower case. Our new "Word Wise" words are (count, move, solid, stripes, less, two and numbers).

Math - I introduced a new game this week in our Math Stations called Roll & Write. The children roll a dice and write the number in a square or they draw the dots to represent that number. It's a wonderful tool for number identification.

Red Folder

- Religion - Chapter 14 "God Made Colors" - page 60 & color book
- American flag - honoring Veteran's Day
- HWT Letters J,D,P
- Scholastic Magazine - Every Thanksgiving
