

Weekly Newsletter February 2nd, 2018

This has been a wonderful week of Catholic Schools Week for both students and parents. I hope you enjoyed your letter from your child! It was wonderful seeing those families that were able to make Open House last night. This was a night to view some of your child's progress so far this year and visit with other families.

Religion - Our lesson this week was "God Made Trees." The children learned that God made many different kinds of trees for our enjoyment. Trees provide many uses for us such as fruit, nuts, shade, beauty and fun climbing.

Literacy/Read - Starting this week in our Literacy program we are beginning to focus on the correct position of writing our letters while reviewing the sounds that letters make. This week our focus was on the letters L, F, F. Our new "Word Wise" words were "dream, sleep, warm, cozy, moon, crescent. I introduced the beginning of our sight words for PreK - there are 18 words. This week we learned the word (the and I)

Math - This week continued our practice drawing shapes and writing their names. We read the book "The Mitten" by Jan Brett and the children acted out the parts of the animals and the other characters. This activity provides the children with patience, remembering their parts and being a good audience.

Red Folder

- Letter dot stamping - L,F,E
- Religion - "God Made Tree" Pages 71-72 & 73-74
- Number 3 & 4 dot stamping
