

Weekly Newsletter February 23rd, 2018

Last Friday February 16th was Chinese New Year! PreK-B celebrated this holiday by reading stories of how the Chinese celebrates this special day. We also made Chinese lanterns.

Religion - Our lesson this week was "God Made Big Things" Chapter 22. The children learned some of the big things God made for us such as mountains, trees, oceans and animals. The children realized just how great and powerful God is.

Literacy/Read - This week we continued working on writing our letters and learning their sounds. Our new letters were U, C, & O. Our new "Word Wise" words were blow, evaporate, gray, white, wind & breeze.

Math - For our Lego Math lesson the children worked together building a round train track with a creation in the center. The children built creations such as parks, skyscrapers, and hotels.
