Curriculum Corner	
Writing	I have been working with the children on pencil grip by singing the song "Pick Up A Crayon". You can help at home by correcting their finger placement if necessary.
Math	The shapes the kids are learning are circle, triangle, square, rectangle, rhombus, hexagon and trapezoid. You can ask your child to name the shapes when you see them in our world.
Reading	I am using the children's names to teach letters. In addition to knowing letters that I have taught children should be learning the letters in their own name.

Congratulations to these great kids who earned Bananas!
