

Our Preschool News

OCTOBER

From the Teacher

October 26, 2018

On Thursday the students decorated pumpkins with their 7th grade buddies. They had so much fun creating their pumpkins using pom poms, colored tissue paper, pipe cleaners, eye balls, colored markers, glitter, feathers and yarn.

Check them out in the lunchroom on display at the “la ofrenda – el altar” (alter).

I went to a HWT workshop for the Math portion on Friday - it was fabulous! I can't wait to share with my students.

Look What We Are Learning!

- **Literacy /Writing** – Our new letter was T and our 6 new words were wait, start, long, short, turn & time. Please try and use these new words over the weekend for comprehension – thank you!
- **Math** – Math Stations – the children are learning to measure pumpkins, use beads for counting, number match with Halloween items, Monster Match Colors and coloring their “5 Little Pumpkin” book along with acting the story out!
- **Religion** – Chapter 6 “God Made Color” the students continued working on their colorful rainbows which are hanging up in our classroom.
